Chapter 1 by Cat4055

It's that time of year again, at least it is while I'm writing this so all of you who aren't, I don't care, where people are sending valentines to each other with candy hearts and stuff like that. For me, it's that time of year when I prank my friends who are in stable relationships. It's been going on for three years now and they're used to it. Back to the point, it's that time of year so I'm writing another one about romance. I honestly wasn't going to do that but Kielen Rogers told me to. You're welcome if anyone bothers to check out your account Kielen. Also, I don't read or write romance because I loathe it and so I'm getting this from other people. Anyway, onto the list!

1. It gets way to mushy gushy. I have no examples this time because I don't read it.
2. On the first date, when someone says they love the other person, like truly, it's not cute, it's creepy.
3. Instant romances. Go back to two.
4. World-ending kissing or sexing. I'm not even going to do examples for these.
5. Love triangles.
6. Abs. Need I say more?
7. Gorgeous guy falling for the ugly, insecure, girl. No, I even no this, no.

8. Unnecessary miscommunication. You don't break up because of one miscommunication.

I'm doing only 8 because it's my least favorite number. I will 1-10. I don't know why, maybe it's because octopi have 8 tentacles. This will be my last one.
